Course Overview

This Auditing Course is on Occupational Health & Safety ISO 45001:2018 Management Systems and the Impact of a Work Place. To combat the problem, ISO is developing a new standard, ISO 45001:2018 Occupational health and safety management systems – requirements that will help organisations reduce this burden by providing a framework to improve employee safety, reduce workplace risks and create better, safer working conditions, all over the world.

ISO 45001:2018 – Occupational Health & Safety Internal Auditing

<p>Who Should Attend?</p>	<p>ISO 45001:2018 is intended for use by any organisation, regardless of its size or the nature of its work and can be integrated into other health and safety programme such as worker wellness and wellbeing. It also addresses many, if not all, legal requirements in this area. Anyone who wishes to become an Internal Auditor with attributes of Perseverance, good ethics, determined, dedicated and disciplined individuals with excellent communication skills will be advised to take the course.</p>
<p>Course Objectives</p>	<p>To allow delegates to understand the ISO 45001:2018 Framework and Standard aside OHSAS 18001, ISO 9001:2015 and 14001:2015. The course will be an in-depth view of the clauses of the standard and an audit tool kit to assist in auditing organisations in accordance to ISO 45001:2018. The delegates will be able to perform First Party Internal Audits and Second Party Supplier Audits.</p>
<p>Benefits</p>	<ul style="list-style-type: none"> • Understand the Requirements of ISO 45001:2018 • Be able to plan an internal audit • Develop a checklist • Conduct an Audit objectively • Be able to present findings • Compile reports and conduct follow-up audits • Implementation of the complete Health & Safety management system

About WWiSE

Who are we?

World Wide Industrial & Systems Engineers (WWiSE) is an ISO/OHSAS consultancy, training, business solutions and systems implementation firm based in Southern Africa that provides clients with effective business processes and Safety, Health, Environmental and Quality (SHEQ) management solutions in preparation for ISO and OHSAS compliance. The solutions we provide and implement allow our clients to compete favourably in modern competitive business environments, locally and internationally. We also strive to be the leading training providers in SHEQ, ISO, Engineering, Finance, Business and Project Management.

What do we do?

Our services are aimed at the improvement of quality, efficiency, knowledge and competitiveness of client companies. The service range includes:

- ISO and SHEQ Systems implementation services whereby we assist client companies in meeting the requirements of ISO 9001, 14001, 22000, 31000, 27001, 20000-1, 50001 and ISO 45001 standards.
- Integrated Management Systems development whereby we integrate several business systems and quality management solutions into a single management system to comply with various quality and safety standards.
- Training of all employees (Shop Floor to Executive Management) in the fields of SHEQ, Engineering, Finance, Business and Project Management to meet the job responsibilities and expertise requirements of International Standards.
- ISO, OHSAS Legal auditing which includes gap analysis audits, product, process, procedural, and systems auditing by our registered SAATCA auditors.
- Customised web-based solutions integrating current systems to be in line with ISO and OHSAS requirements

We are a Level 1 BBBEE Contributor that specialises in systems development, consultancy, training and auditing.
